Deficit in Infirmary

The Treasurer was authorized to put a note in Bank some time in January to meet this deficit.

The continued annual deficit and how to correct it was seriously discussed by the Faculty, the necessity for a decided change in the management of the financial affairs of the Infirmary being made evident. Upon motion it was resolved that on the 1st January the Faculty take full control of all the financial arrangements for the Infirmary and that for the existing year the Infirmary must be made to support itself. That the receipts and expenditures of the Hospital must be made to correspond to enable the Infirmary to maintain the better. To succeed in this much desired arrangement they were instructed to institute strict tables, Requisitions for supplies wanted in the house, keep pay rolls, take monthly stock and use every means of knowing the exact receipts and expenditures of the House with the exception of making provision for the

Infirmary the duties of the Sisters of Mercy in charge were to remain as heretofore. Prof. Tilpin suggested that as all arrangements between the faculty and the Sisters could only be made or modified through the Superior of the order that the faculty confer with him stating what the faculty desired and that they also invited the cordial cooperation of the Sisters and them in making the Hospital self-sustaining. Upon motion Dr Tilpin was appointed a committee of one on the part of the faculty to correspond with the Superior of the order of Sisters, and the Dean was requested to supply Dr Tilpin with all necessary information.

A meeting of the faculty was held this evening, Prof A R Smith in the chair. The following members being present. Drs McSherry, Howard, Chew, Johnston, J Chisolm, Donaldson.

The object for the meeting was to analyze the committee of conference with the Superior of the Sisterhood. Dr Tilpin declining to act alone on said committee Dr McSherry gave it his opinion that the Sisters could be influenced directly without going to Emmitsburg and Drs Smith & McSherry were appointed a committee to secure the active cooperation of the Sisters in carrying out

the change which the Faculty propose establishing for the rules of the house on the 1st January 1870.
On motion of Dr Howard the subject passed at the last meeting: viz the securing a valedictory orator without the Faculty, was reconsidered on the ground that the publishing of the oration was an unnecessary expense accompanied by no good, as it brought us additional students to the school. Dr Chisolm could not see how the oration from a member of the Faculty could ever draw students to the school and judging from their stand point of usefulness recommended the abolition of the practice which was not sustained. Upon a ballot the vote of the chair rescinded the former act of the Faculty.
The member of the Faculty upon whom this duty devolves for the ensuing commencement is Dr Chisolm having as an alternate Dr Miles

Wednesday May 29th/72

Present Drs Tilpin in the chair, Drs Johnston, Oliver, Chisholm, Miles, McCleery and Drs Hamilton by proxy with the Trustees Dr Howard.

Contract with the Sisters for 1872/81

The business brought before the meeting was the consideration of certain items proposed by the Sisters before renewing their contract with the Faculty for the ensuing year. The items are as follows

1st Washing boarding of Servant and every thing connected with the required Students House

2d A seperate coal shed for Students House

3d To continue Dispensary only in so far as proposed appropriation of $300 covers

4th Required rooms at present used for Dispensary purposes for sick patients

5th To correct clause in the contract by which the Sisters are obliged to keep wards full of patients.

The Faculty agreed to the two first propositions of the Sisters and instructed the Dean to carry out the request.

The last three items viz 3d 4th & 5th were considered detrimental to the interests of the Faculty for clinical teaching and were unanimously rejected.

The Dean was instructed to write to the Sisters that their insisting on rescinding the violation of the Students House would be required but that the Faculty would make no other change in renewing the contract for the ensuing year.

Dr Tilpin asked of the Faculty a reconsideration of resolution at the last meeting

in the cutting off of all appropriations for
[illegible] chairs, on the ground that a course of
lectures on Chemistry entailed a considerable
expense in chemicals & apparatus for which
no allowance is made in every institution
and that if the finances of the Faculty did not
permit them to make the usual appropriation of $300 for the Chemical chair the medical
faculty ought also along with a similar appropriation.
After discussion the following Resolution
was offered and carried

Expenses in Chair of Chemistry & Operative Surgery

Resolved "that the expenses of the chair of Chemistry and Operative Surgery be met as the trustees

Baltimore April 23d 1874

My dear Doctor,

I have just rec. a note from the Dean that the Fac. meets tomorrow evening at 9 o'cl. The hour renders it a inconvenient for me to attend that

I must beg of you to act as my proxy in deciding any matters before the Fac. If present I would cordially unite in any action for the good of the School. I might vote against any measure that would involve reckless outlay or that would require larger appropriations than we could make without borrowing. With a holy horror of running in debt I would prefer to do without anything that could only be obtained by borrowing money to pay for it. I feel very well assured that you will vote on the occasion exactly as I would if present.

I will take this opportunity to request you to act as my proxy in future on all occasions when I am absent from Faculty meetings. This I hope will not incommode you, while I shall virtually take part in all Fac. action.

Respectfully and Truly Yours
William E. A. Aiken.

The Committee on accounts consisting of Profs. Dwinelle & Howard reported that they had examined the books of the Treasurer and found them correct.

On motion of the Dean, Profs. Winston & Cheshire were appointed a Committee to which afterwards the Dean was added, to consider the most expedient mode of using the fund appropriated by the legislature, and to report upon the same at a meeting to be held two weeks hence.

Gentlemen.

I reluctantly consent, at the urgent recommendation of my very competent medical advisers to apply to the Faculty, to relieve me of my duties in connection with the Chair of Physiology & Hygiene; and, ~~but I be~~ to permit me to confine myself exclusively to my clinical professorship of Diseases of Throat & Chest, delivering one lecture a week during the Winter Session – For this course I ask for

compensation in proportion to the work done. The remainder of the fees I have therefore received will be sufficient to secure the services of a lecturer on Physiology who will be qualified to illustrate by experiments on living animals the most prominent points of modern Physiology.

It will give me great pleasure to assist in the selection of a suitable person for this purpose.

I am, Gentlemen with great respect

Dear Sir

Your favor of the 31st ult. reached me only this morning. If a categorical reply to the business proposition of the Faculty is required I can only say that I cannot sell my professorship for the sum named. It is all I have to depend upon for a living and is worth to me vastly more than the Faculty offers. Having contributed largely for the benefit of the school for nearly half a century it is no more than right that I should be repaid in part by the increased returns seemingly promised in the near future, and it is no more than right that the younger members of the Faculty should share the burdens as well as the profits of their position. However, anxious the Faculty may be to dissolve the existing relations

Sir

Since penning my note declining to accede to the proposition of the Faculty for my withdrawal from the School with the title of Emeritus Prof. of Chem. &c. &c. as detailed in your communication I have come to the conclusion that since it is impossible for me, after what has passed, to hope for any harmonious action between the members of the faculty and myself and such divisions in the Faculty must injure the school without benefitting any one I will ask you to return the note above referred to and to signify to the faculty my willingness now to accept their proposal. Sir

I must beg leave through you to tender to the Faculty of Physic of the University of Maryland my resignation of the Professorship of Chemistry bestowed on me by their predecessors in 1837. During this long interval the duty of presenting to the student the truths of science in an attractive form has proved a most agreeable task. But the lapse of years has brought the necessity for rest from labor. Regretting that this necessity has arrisen just as the University has apparently entered on a new career of usefulness promising to be eminently successful

I have the honor to be
Very truly yours

The following communication was then read:

Baltimore May 12th 1889

Prof. J. Edwin Michael, Dean,
Dear Sir,

Re - Prof. Mettenburg's resignation.

Acknowledging the receipt of yours of May 9th, I would beg to return you my sincere thanks for the kindness and courtesy with which you have conveyed to me the wishes of the Faculty of Physic.
To the Faculty, as a body, I scarcely know how to express my high appreciation of their recognition of the services I may have been enabled to render to the University during the last fifty years.
I have regarded the University as my true home; I have lived in and with it during my whole professional life. While fully and sensitively aware of all the benefits my alma mater has conferred upon me, I have endeavoured, as far as I

could, to return service for her consideration, and always to uphold and subserve, to the fullest extent, her interests, as my chief aim.
While therefore I offered my resignation, after long and deep consideration, and with the feeling that under no circumstances, should my age be the slightest obstacle to her progress, I, nevertheless, feel most deeply and gratefully the action of the Faculty, and in accordance with their request, as courteously expressed, withdraw, through you, my resignation of the chair of Obstetrics.

Sincerely Yours,

(Signed) F. W. Mittenberger.

At a meeting of the Faculty of Physic, held this day at Prof. Mittenberger's there were present Professors Mittenberger, Chew, Chisolm, Miles, Tiffany, Atkinson, Cole and Michael.
The minutes of the last two meetings were read and approved.
Prof. Chisolm of the com. for the improvement of Clinical Facilities reported that he could lay no complete written report before the Faculty, as, since the appointment of the Committee most of the people whose aid was to be sought had been out of town. The plan of the committee was, however, perfected and there would be ample time between now and the 15th of December in which to lay it before the citizens. The time in which notice to the Sisters could be given was short and he therefore moved:-
That the Dean be and hereby is directed to notify the Sisters of Mercy that the contract under which they manage the Hospital will be abrogated on Dec. 15th 1889.
After full discussion Prof. Tiffany offered the following as a substitute for Prof Chisolm's motion:-
Moved:- That the Faculty, during the coming session, pay off all its indebtedness. Prof. Chisolm seconded the motion in order to bring it before the Faculty, and on being put it was lost; Prof. Tiffany alone voting aye

The Dean read the following letter from Prof. Mittenberger:-

"Prof. J. E. Michael, Dean &c

Dear Sir,

As you heard at the last faculty meeting I attended, to my great surprise strangely enough misunderstanding as to my position on the grading and the resolution concerning the appointment of assistants, at the meeting of Dec. 4th 1889. I was heartily in accord with the future extending of

terms to three years, and increased rating to 75 and preliminary examinations, to commence with another session, after having duly published it in the circular. To its taking effect during the session then in progress, and to the rule that two black balls, privately given, should prevent the appointment of an assistant by a member of the faculty, I was equally strenuously opposed and should now be if I were still among you. As chairman, I merely reported the resolutions as carried. I certainly protested as strongly as I could against it, and as I generally use plain [illegible] words I thought it was so understood. In the fifty years I have never asked a favor of the Faculty but I would request to have my protest on those points put on record and my vote on those points — no — I have spoken to the Prof. of Surgery, who kindly stated he would bring this before you, but I have thought it would be more satisfactory to make this request officially

Very respectfully
(signed) G. W. Mittenberger.

January 28th, 1891

The Faculty met at the office of Professor Howard. All members present.

Refused for lack of Commission, Nurses Dormitory Completed

Professor Tiffany reported from the Building committee, that the building for nurses had been finished at a cost within the ten thousand dollars appropriated for that purpose. Certain vouchers had not as yet been placed in his hands and the Committee was consequently unable to make a final report. Progress however, was reported and Professor Tiffany asked for and obtained permission to turn over his accounts when ready, to an Auditing Committee.

Professor Cole, Manager of the University Hospital, reported that the finances of the hospital were in a fairly satisfactory condition,

that notwithstanding the increased expenses incident
to the change of management, there was only
a deficit of one nine hundred dollars at the close
of the first year of the new management.

On motion of Prof. Church, this informal report
was received as information —

the latter half of the - See minute of June 2. 1891. page 337

Prof. Tiffany moved that the Manager of the
Hospital have prepared and distributed to the
proper persons throughout the city and state circulars
setting forth the terms under which the Hospital
is bound to receive patients in conformity with
the act of Legislature, under which the appropriation
was made — Carried —

Circulars to be distributed in regard to the patients in Hosp.

Prof. Michael moved that the Dean be instructed
to pay over to the Treasurer from tuition fees in his
possession nine hundred dollars, to provide for a
twenty note, falling due March 15th. This motion
was lost by a tie vote —

Motion that Dean pay $900 for bills payable this fund

Under a motion offered by Prof. Church, the
Dean was instructed to secure for the Annual
Commencement Harris' Theater, or near April 2.
as possible —

Commencement at Harris Read. as near April 2nd as possible.

Professor Michael appealed from a decision of
the House Committee that women received into the
Maternity Hospital for confinement and not occupying
the private rooms of the main building, but those rooms
in the Homes Building, which public patients may
be received by paying more the the ordinary ward
rates, were not to be used for class demonstration
nor to be expected to pay a special fee for
obstetrical attendance

Prof. Michael appeals from decision of House Committee that women in Homes Bldg. may not be used for class demonstration

In the decision that followed, the Committee

did not contest Professor Michaels position with reference to this question and avowed that its ruling had been made in accordance with what it believed to be for the best interests of the hospital. The committee, in view of Prof. Michaels appeal, was not disposed to insist upon ~~the~~ its ruling, ~~which~~ and vetoed recede from it.

Prof. Tiffany moved that the recently published catalogue of alumni be sold at twenty five cents for each copy, at which price the janitor was authorized to dispose of them. Carried

Upon motion the Faculty adjourned

December 7th. 1892

The Faculty met at the office of Prof. Atkinson at 9 o'clock P.M.

All members of the Faculty were present.

The minutes of the preceding meeting were read and approved.

The Dean submitted a proposition from the Auxiliary Board of Lady Managers of University hospital, asking that the Faculty set aside for a building fund for a new hospital, all tuition fees for ~~five~~ three years or half of all tuition fees for a period of five years.

Professor Michael offered the following resolution

"Whereas, the Faculty of Physic has, already within the last twelve years expended the sum of about thirty two thousand dollars, out of their own fees, for the improvement of the school and hospitals, and

Whereas, the Faculty is still profoundly impressed with the necessity of further sacrifices in the same direction,

Resolved, that the Faculty is prepared to guarantee the sum of thirty six hundred dollars yearly, which amount shall be devoted primarily to the liquidation of the debt now resting on the nurses building, and subsequently to such uses as shall be determined by the Faculty and the board of Governors until an endowment two hundred thousand dollars shall have been procured"

Professor Tiffany offered as a substitute to this motion, the following resolution.

Resolved, that the Faculty, having already expended during the past twelve years, about thirty two thousand dollars for improvements in the school and hospital buildings, is ~~as~~ willing to appropriate

fifty per centum of all professional tuition fees, as a building fund for a new hospital, for a period of five years, provided that the board of Governors and of Lady auxiliaries assume at once all responsibility for the conduct and support of University hospital

As an ~~substitute~~ amendment to ~~for~~ Prof. Tiffany's and also Prof. Louisson moved that twenty five per centum be inserted instead of fifty per centum in the resolution

February 24th 1893

The Faculty met at the office of Prof. Atkinson

There were present Professors Chew, Chisolm, Wiles, Michael, Gale, Winslow and Atkinson

Prof. Chisolm read a letter written to himself by Miss Susan Williams relating to the management of the hospital, and ~~and~~ offered the following resolutions

1. That the Faculty enter into an arrangement with the "Ladies Auxiliary Hospital Board" allowing them to take charge of all the domestic affairs of University Hospital on the same terms as did the Sisters of Mercy

2. That a Committee of one be appointed to perfect this arrangement, if it can be accomplished —

Professor Michael offered as a substitute for this the following resolution

1. That the control and management of the University Hospital in every particular; its finances, the medical and surgical treatment of patients under the direction of the visiting physicians and surgeons, the domestic management, the nursing

department and training school for nurses be vested (subject to the control of the Faculty) in the following officers, viz:—

A Medical Superintendent, a Superintendent of Nurses, two assistant physicians, to be denoted respectively "1st" and "2nd", and twenty four clinical assistants. Each of these officers shall be elected annually by the Faculty, and their duties shall be as follows—

2. 2. The Medical Superintendent who is hereinafter to be chief resident physician, shall have entire control of the management of the hospital in every department, financial, domestic, medical and surgical treatment of patients, nursing and training school, and shall be responsible directly to the Faculty for the proper conduct of each and every department. He is authorized to take such action in regard to the employment and discharge of all employees as may seem best to him for the proper management and for the best interests of the hospital, and he may also for cause, suspend any officer of the hospital, pending action by the Faculty upon the case, and in case of such action he shall make immediate report thereof to the Faculty. He shall also make, or cause to be made to the hospital committee, at such periods as may be desired by said committee, such reports of the financial condition of the hospital, showing such items of receipts and expenditures and of moneys due and of indebtedness incurred on hospital account as may be desired by the hospital committee. In addition to these duties he shall also perform in general the duties of resident physician. The Medical Superintendent shall be elected annually by the Faculty at the

annual meeting and shall receive in compensation for his services the annual salary of seven hundred dollars -

3 3. The superintendent of nurses shall have immediate control and direction of all nurses and orderlies and of the training school - She shall be elected annually by the Faculty at the annual meeting and shall receive in compensation for her services an annual salary of five hundred dollars

4. 4. The duties of the 1st and 2nd assistant physicians and of the clinical ~~assistants~~ assistants and the amount of salary or other compensation allowed them shall be the same as heretofore -

5. 5. There shall be appointed by the Faculty at the annual meeting, a "hospital committee" consisting of three members of the Faculty, whose duty it shall be, from time to time, at least once a month and oftener if they deem it advisable, to examine into the financial condition of the hospital - They shall keep a record of the proceedings of their meetings and shall make such reports to the Faculty, of the results of their examinations as may be ~~desired~~ desired by the Faculty or thought advisable by them -

And resolved furthermore

that Dr. S. H. Clark Sproull be hereby appointed medical superintendent and that Miss Janet Hale be hereby appointed superintendent of nurses, to hold such positions until the next annual meeting of the Faculty; and that the present incumbents of the positions of 1st and 2nd assistant physicians and of clinical assistants be continued in those positions until the election of their successors by the Faculty - And resolved furthermore

that this resolution shall go into effect upon April 1st. 1893 and that all previous action of the Faculty which is in conflict with this resolution or any part thereof, be and is hereby repealed —

Upon being submitted to a vote this substitute was adopted in place of the resolution offered by Professor Chisolm —

The Faculty then adjourned

At a meeting of the Faculty of Physic held this day at 20 W. Franklin St., there were present all members.

The minutes of the last meeting were read and approved.

The Dean read the Janitor's report which was on motion accepted.

Prof. Christine moved: That the Dispensary Physicians and all demonstrators be required hereafter to make his report to the annual meeting of the Faculty. Carried

Prof. Christine of the Com. on Buildings and Grounds made a preliminary report making certain suggestions in the direction of improving the property of the school.

On motion the report was accepted

Prof. Conrad made remarks suggesting the propriety and advisability of selling the University lot and building a combined hospital and college on the hospital lot. After discussion which was participated in

by all the members, Prof. Chisolm moved: That a com. of three with Prof. Howard as chairman, be appointed to investigate the feasability of merging the two institutions into one and devising ways and means of doing so. Carried.
The Chair appointed Profs. Howard, Chisolm and Atkinson.
The suggestions made in the preliminary report of the Com. on Buildings and Grounds were then considered as follows:-
I- Add a third story to Practice Hall and make that our general laboratory building. By extending the building to the alley, ample accommodation will be obtained for all the branches of Laboratory work, viz:- Chemistry, Physiology, Pathology and Dissecting. In this building will be placed the water closets, thus doing away with the nuisance in the yard.
Prof. Tiffany moved the adoption of this suggestion. Carried.
4. The present Dissecting room can be prepared as a museum with rearrangement of the contiguous small rooms: a great convenience for the lecturers who use Anatomical Hall. In the University Building some painting and carpenters work is needed, and an office is wanted for the Janitor. The Green Room needs furbishing in order, with re-

moval of books &c.
Prof. Jeffrey moved the adoption of this suggestion. Carried.
III – Better black board conveniences are needed in the lecture halls.
Prof. Winslow moved the adoption of this suggestion. Carried.
IV – The grounds around the University need grading and refencing. The wall should be reduced in height: These improvements will require the finding of outside quarters for the Janitor's family. A small house in the immediate neighborhood can be hired for the purpose.
Prof. Coulter moved the adoption of this suggestion. Carried
V – That interest bearing bonds be issued in order to raise the funds requisite for putting the above suggestions in practice.
Prof. Atkinson moved the adoption of this suggestion. Carried.
The committee was continued.
Prof. Atkinson moved: That during the regular course, ward clinics be held daily three medical and three surgical per week, and in the special branches as may be determined later. Carried.
Prof. Atkinson moved: That two lectures on Clinical Medicine be abolished, whose duty it shall be to give ward clinics three per week each, provided, cases from the wards may be used by the profs of Practice and Mat. Med. in their weekly clinics.
Carried.

Prof. Howard moved: That a clinical lecture on Dis. of Women & Children be established under a similar arrangement. Carried.
Prof. Atkinson nominated Dr. Chas. W. Mitchell as lecturer on Clinical Medicine. Dr. Mitchell was elected.

UNIVERSITY OF MARYLAND,
FACULTY OF PHYSIC.

At a meeting of the Faculty of Physic of the University of Maryland, held on December 8th, 1895, the following Memorial Minute was adopted:

The Faculty of Physic of the University of Maryland are profoundly conscious of the great loss which has been sustained by this School of Medicine, by the Medical Profession and by themselves in the death of PROF. J. EDWIN MICHAEL, M. D.

From his excellent abilities, and from the extent and variety of his professional attainments, PROFESSOR MICHAEL was a most useful and successful teacher in several departments of medical science, inspiring always in his pupils the earnestness and enthusiasm with which he devoted himself to his professional duties.

As a practitioner, he was characterized by skill and judgment which caused him to be regarded as a most valuable counsellor by the many members of his profession who sought his aid.

In his manliness and generosity, and in his constant readiness to devote himself to the service of others, was found his best title to the loving and lasting remembrance of his colleagues and friends.
